Your approval is subject to the conditions specified in Part 2 and Part 4 of Schedule 4 to the Regulations. Your approval applies only to the named exporter for the specified overseas sites only.

Your approval is valid from 1 January 2018 and ends on 31 December 2018, unless it is otherwise suspended or cancelled.

The approval allows you to issue evidence notes for waste portable batteries which you export for treatment or recycling at these specified overseas sites. You must issue evidence notes in accordance with the Regulations. You must not issue evidence for batteries unless it can be lawfully sent to and received at the intended site in the country of destination.

Waste Industrial and Automotive Batteries

We hereby grant approval to **H.J Enthoven Ltd TA G&P Batteries** to operate as an approved battery exporter (ABE) for waste industrial and automotive batteries. Your approval extends to the following specified overseas sites and categories only:

Your approval is subject to the conditions specified in Part 2 of Schedule 4 to the Regulations. Your approval applies only to the named operator for the specified approved overseas sites only.

Your approval is valid from 1 January 2018 and ends on 31 December 2018, unless it is otherwise suspended or cancelled.

The approval allows you to export waste industrial and automotive batteries for treatment and recycling to these specified approved overseas sites.

Suspension and cancellation of approval

We may suspend or cancel your approval where it appears to us that you have failed or are likely to fail to comply with any of the conditions of approval. Suspension or cancellation may extend to one or more of your approved overseas sites, or may apply to your whole approval. Your whole approval will cease to have effect if you cease to be an exporter or if you request that your approval should be cancelled.

You must notify us immediately, in writing, of any changes to the details submitted with your application. If you wish to export to any additional overseas sites you must submit an application to extend your approval to cover these sites, which will incur a charge of £110 per additional site.

You must ensure that all international shipments of waste batteries are in accordance with the Waste Shipments Regulations. More information on this can be found on our website at www.environment-agency.gov.uk/wasteshipments or by contacting our International Waste Shipments team on 01925 542265 or emailing to askshipments@environment-agency.gov.uk.

This approval does not replace any other environmental authorisation that you may have for the sites. You must continue to comply with these and other relevant legislation.

Please contact Sarah Boldy on 02084749287 if you have any queries.

Yours sincerely
